

Day 1 Future city: what does it look like?

09:30 – 10:00	Plenary	Conference opening Eveline van Leeuwen Scientific Director AMS Institute Ger Baron CTO at Municipality of Amsterdam
10:00 – 10:30		Keynote speaker Carolyn Steele Architect & Writer
10:30 – 11:00		Reflection Ard van de Kreeke Growy
11:00 – 11:30		Break
11:30AM – 12:30		Round table Jan Duffhues City of Amsterdam Sigrid Wertheim Wageningen University & Research Eveline Buter Witteveen+Bos
12:30 – 13:30		Break

13:30 – 15:00	Paper presentations, workshops & special sessions	Paper presentation The role of cities in circular food systems	Paper presentation The potential of EVs for the energy transition	Paper presentation Urban energy production and PEDs
		Special session MET Forum: Bike-sharing futures in Amsterdam	Special session New innovation approach to tackle major infrastructure challenges (session 1 of 2)	Special session Artificial intelligence for democracy
		Workshop Climate Adaptation within the Context of Urban Development and Design		

15:00 – 15:30	Break
---------------	-------

15:30 – 17:30	Paper presentations, workshops & special sessions	Paper presentation Future circularity in cities	Paper presentation Potential of Urban Green	Workshop Exploring the urban metaverse: An investigation of cross-system effects of digital trends for public services and virtual workspaces
		Special session Virtual co-design session for the monitor of circular economy	Special session New innovation approach to tackle major infrastructure challenges (session 2 of 2)	Paper presentation Co-creation and co-simulation of the energy system
		Special session On-demand services and public transport networks – the prospects of synergy	Paper presentation Reinventing local and regional food systems	

Day 2 Integral city: how do we do it?

09:30 – 09:50	Plenary	Informal networking
09:50 – 10:00		Conference opening To be announced
10:00 – 10:30		Keynote speaker Wouter Veldhuis Chief government advisor Built & Rural Environment
10:30 – 11:00		Reflection Tjeerd Haccou Space&Matter
11:00 – 11:30		Break
11:30AM – 12:30		Round table Sacha Stolp City of Amsterdam Pablo van der Lugt Delft University of Technology Albert Jan Kruijer Instituut voor Publieke Waarden
12:30 – 13:30	Break	

13:30 – 15:00	Paper presentations, workshops & special sessions	Special session Inclusive and sustainable design of the ArenAPoort energy system	Special session Multifunctional neighbourhood hubs for liveable cities	Workshop Nighttime heat - a workshop on data and maps needed to adapt cities to increasing nighttime heat
		Paper presentation Responsible Urban Digitization	Paper presentation Circular construction activities	Paper presentation The potential of shared mobility for cities
		Paper presentation Urban Water systems	Workshop Developing convivial encounters in the city, pathways to a sustainable tourism future in the urban	Special session Co-designing urban futures with the public <i>This session runs till 17:00</i>

15:00 – 15:30	Break
---------------	-------

15:30 – 17:00	Paper presentations, workshops & special sessions	Special session Co-design Urban organic waste solutions	Special session Urban Living Labs in Amsterdam	Workshop Climate Adaptation and Health: potential and pitfalls in urban bathing
		Paper presentation Modelling energy flows	Paper presentation Responsible Urban Digitization	Paper presentation Exploring new concepts for Urban Mobility

Day 3 Reinvented city: how do we get there?

09:30 – 09:50	Plenary	Informal networking
09:50 – 10:00		Conference opening Carolien Gehrels Arcadis
10:00 – 10:30		Keynote speaker Anna König Jerlmyr Mayor of Stockholm
10:30 – 11:00		Reflection Carlo Ratti Massachusetts Institute of Technology
11:00 – 11:30		Break
11:30AM – 12:30		Round table Eefje Cuppen Leiden University Pieter Kool Schoonschip Pallas Agterberg Alliander
12:30 – 13:30	Break	

13:30 – 15:00	Paper presentations, workshops & special sessions	Special session Code the Streets	Paper presentation Measuring and Monitoring urban mobility	Paper presentation Designing accessible, safe and liveable streets
		Paper presentation Policy and regulation for circularity	Paper presentation Locations, regions and communities for circularity	Paper presentation The acceptance of climate adaptation measures in cities
		Special session Research and Development of Flexibility Services in Urban Energy Systems	Special session Positive Energy Districts 2040 Symposium: One Vision, Multiple Pathways	Special session Autonomy over water for urban transport and logistics <i>This session runs till 17:00</i>

15:00 – 15:30	Break
---------------	-------

15:30 – 17:00	Paper presentations, workshops & special sessions	Workshop Co-developing a multi-functional nature-based solutions planning tool	Special session 5 perspectives on how to embed urban hubs in a sustainable way	Workshop How can AI help to reduce CO2
		Workshop New European Bauhaus Amsterdam exploration	Special session Sustainable urban mobility planning for uncertain futures
